Sustainability Week at London Fields!

This week we've been learning about different ways to create a sustainable world.

Year One have been learning all about how composting and recycling can help reduce waste.

Year Two have been learning about plastic pollution. We were shocked to discover how much unrecyclable plastic packaging is being used in the supermarket!

Year Three have been learning about urban animals.

Year Four had a workshop all about water waste. Check out our video on our Y4 blog!

Year Five have been learning about renewable energy sources. Here we are investigating solar panels!

In Year Six we've been investigating the complex causes and effects of climate change. We've researched food miles and calculated our own carbon footprints!

Dates for your diary

Dates for 2018/9		Dates for 2019/20
