Work Week is coming up – and we need your help!

The week of 15th – 19th July is London Fields Work Week, where the children will be using their enterprise skills to complete group projects. Towards the end of the week, the children will either be staging their final ‘product’ or presenting their ideas to a panel of judges.

As part of the projects, we are trying to arrange visits from relevant adults who could come into school and either talk about their related job, or be a judge on one of our judging panels. We would really appreciate it if any parents or carers could spare some time to talk to the classes– or pass the message on if you know someone who would be suitable! Do email londonfields4@gmail.com, and we will pass your email on to the relevant year group.

Year One – Postal Service

The children are setting up a delivery service within the school. **If you work in a related industry, and may be able to spare some time, we would love to hear from you!**

Year Two – Community Cafe

Year Two pupils will be organising and running an in-school cafe for families to visit. **Please contact the class teachers if you work in or have links to a local cafe and may be able to help!**

Year Three – Trash to Treasure

Copeland and Underwood classes will design and pitch their own eco toy. **If you work in product design, or the toy industry, or in a related field and are able to help, please speak to the Year Three teachers.**

Year Four – Design Company

Year Four will be exploring the world of graphic design. **We would love it if any parents or carers with any graphic design experience could help.**

Year Five – Active Minds

Pupils will be planning and launching a new fitness session for the London Fields school community. **If you work for a fitness company and could spare some time, please speak to the Year Five teachers.**

Year Six – Legal Eagles

Year Six will be exploring the legal profession and taking on a criminal case! **It would be brilliant if any parents or carers with any legal experience could contact the Year Six team.**
