

# Waves Splashing

The waves in the water

are splashing coming closer and closer  
Every time I look at it.

It starts to rise

I can hear it and feel it inside my  
body just listen.

The waves are going ...

Splish! Splash! Splosh!

I'm going deeper and closer  
and closer it feels like I'm a  
fish

The seaweed is growing in the nice  
cold water

The seashells are hiding in the soft  
smooth sand.

The wind is whistling making  
the waves rise even more

! THE END!
