

## **Pinksie The Whale workshop in Yellow Class, Year 2**

Pinksie the Whale is born different to many other whales. He is pink and other whales are blue. At first, Pinksie feels sad and left out, but learns that difference is a good thing and that we should all celebrate our differences.

We wanted to show that we celebrate difference and diversity too. So we turned recycling into strange and wonderful creatures who could be friends with Pinksie and love him just the way he is. Alfie's and Dylan's mum came in to run this workshop and help Yellow class make friendly monsters, jelly fish, animals and all sorts of other fun and lovely friends for Pinksie. The art produced by Yellow class is excellent and here are some photos of them in action! You can see the art in person and even buy it at the art exhibition, details below!

organized by

**PINKSIE**   
THE WHALE
